President's Message

The February meeting was unfortunately not well attended, but had a really good program by Rock Hammond on fly tying equipment and materials. Rocky showed several types of each tool or material, and expounded upon the virtues of each. If you ever had any thoughts on getting into fly tying, this was a presentation did not want to miss.continued

We have a commitment to the Holiday Inn to purchase 30 meals, which covers the cost of the meeting area. In the event that the club does not have 30 people buying the meal, we lose that money and have to pay for the meals not consumed. I urge you to try to attend our meetings, and purchase the dinner to help the club from paying for the un-consumed meals.

Now on to more exciting news. Our Bi-Annual auction is shortly here - March 28th. If you haven't signed up for the auction, please go out to our website and sign up. We have several new rods, reels, flies, equipment, clothes, and baskets to bid on, and think we have a really good selection of items to choose from. Tim Allen is doing an incredible job of pulling it all together - and all we need is for you to come and help make it a success.

One other item coming up is the Hudson Springs trip. If you have not been on this outing, its one you do not want to miss. Great camaraderie and simply outstanding fishing. This is a private, for fee lake, and you will have the opportunity to catch some real bruisers. Contact Ron for more details, and check it out on our website. By the way, Mike is doing a great job on our website, and has many new links for you to choose. Check it out.

Hope to see you soon,
Richard Lange

Chas Wade was instructing us. Beginners and experts are always welcomed. It was a fun learning opportunity and Joe and Ron are great tyers to learn from.

Hook: #8 Mustad 3407 or 34007 [Stinger hook style, 2 hooks required]

Body: 2 grizzly hackles, holographic Flashabou, Krystal Flash (mixed colors), white Icelandic sheep, olive sheep, peacock herl.

All OFFC members are invited to join us at the Chubski Fly Tying Roundtable. One of the great benefits included as a member of OFFC is learning how to tie flies and filling your fly boxes with effective flies. For beginning tiers, or those who would like to brush up on basic skills or learn advanced techniques, our expert club tiers will be there to help you along. No tools, or materials are necessary, just bring yourself!

Please remember to bring a tying lamp or light if you have one, and an extension cord would be great too. We'll start tying around 06:30 pm, but most have been coming earlier to get a bite to eat and enjoy a refreshment. Please stop by and we'll see you there, it's a great experience!
